REMANUFACTURED INKJET & TONER CARTRIDGES

TRI INDUSTRIES NFP, an Illinois State Use Program workshop and member of the State of Illinois BEP program, has employed Illinoisans with significant disabilities since 1977. TRI has provided refurbished printer cartridges to the State of Illinois and Joint Purchasing entities on contract for over a decade.

This Joint Purchasing opportunity includes 90+ SKU's of inkjet and toner cartridges. Included are green-friendly supplies for all of the most common state-issued inkjet printers, laser printers (both monochrome and color), copiers and fax machines. Purchasing SKILCRAFT brand remanufactured imaging supplies off the Joint Purchasing contract generally will provide significant savings over the brand-name alternatives in addition to the environmental benefits of remanufacturing.
